Changes to this Privacy Policy

We may change this Privacy Policy from time to time to address changes in applicable laws or our business operations. If we make changes, we will notify you by revising the “Last Updated” date at the top of this Privacy Policy. We also will inform you in advance of significant changes that may be applicable to you (such as adding a statement to the homepages of our websites or sending you an email notification). If your prior consent is required by applicable laws, we will request your consent to such changes before the revised Privacy Policy becomes applicable to you. We encourage you to review the Privacy Policy whenever you interact with us to stay informed about our personal information practices and the choices available to you.

Collection of Information

Personal information we collect directly from you

We collect personal information you provide directly to us. For example, we collect personal information when you visit our websites; download an App; provide product reviews; shop in our stores; call us on the phone; create an online account; sign up to receive our emails; request a catalog; participate in a sweepstakes, contest, promotion or survey; communicate with us via third-party social media sites; request customer support; apply for and/or participate in our loyalty program; or otherwise communicate with us.

The types of personal information that we collect include your contact details (name, email address, zip or postal code, billing address, shipping address, telephone number), payment card information, product preferences, demographic information, and any other personal information that you choose to provide.

Personal information also includes personal information that you provide about others, such as when you purchase a gift card for someone and request that we deliver it electronically, create and share a “wish list” or decide to purchase and ship products to someone else. We will use this personal information to fulfill your requests and will not send marketing communications to your contacts unless they separately opt in to receive communications from us.

When you download and install an App, the information that we collect depends on your mobile device’s operating system and permissions. We may collect precise geolocation (GPS) when permitted through your mobile device’s operating system to help customize your experience of the App, to let you know when products, promotions or events are available near you or to send geographically-relevant advertising. To learn more about the specific information collected by our App, please check your device settings or review the permissions information available on the platform (e.g., Google Play and the App Store) from which you downloaded the App. The App also may allow you to check or change your status for certain data collection in the App’s settings. If you change your settings, certain features may not function properly.

Personal information we collect automatically

We automatically collect certain personal information about you when you access or use our websites or App or shop in our stores:

- **Device Information:** We collect information about the device you use to access our online Services, including the hardware model, IP address, unique device identifiers and operating system and version.
- **App Information:** Our App collects interactions, search history and similar in-App activity data, crash logs, diagnostics and other App performance data.
- **Transaction Information:** When you purchase or return a product, we collect information about the transaction, such as product details and the date and location of the purchase/return.
- **Security Camera Video Data:** We collect video data via security cameras that we deploy in some of our retail stores. We provide notice about our use of security cameras as required by law.
- **Information Collected by Cookies and Similar Tracking Technologies:** We (and our vendors) use cookies, web beacons (also known as “tracking pixels”) and similar tracking technologies to collect information about you when you interact with our online Services, customer service chat or emails, such as information about your browsing and purchasing behavior, your device, and your geolocation. We may combine this information with other information we collect about you and use it for various purposes, such as improving our websites and your online experience, understanding which areas and features of our websites are popular, counting unique visits, understanding effectiveness of promotions and other marketing campaigns, personalizing our advertising and communications with you, determining whether J.Crew emails that you receive are opened and whether links within an email have been clicked, and for other similar business purposes. For more information about cookies and how to exercise your cookie preferences, please see the “Cookies, Advertising and Analytics” section below.

Personal information we collect from our partners and other sources

We may receive personal information about you from other sources and combine it with information we collect about you. For example, we collect personal information from the local postal services’ national change of address databases to verify and update mailing addresses. If you are a United States customer who applies for a J.Crew Credit Card, we receive personal information about you, such as your name and address, from the partners that manage our private label credit card program. If you interact with us on social media, we also collect personal information about you from those interactions, such as your username and any other information you choose to provide us as permitted by your social media account settings.

Personal information that we create

We use personal information to draw inferences about you based on personal information that we collect from or about you. For example, we may infer your general location (city, state) based on your IP

address when you visit one of our websites, or that you are interested in purchasing a certain type of clothing based on your browsing behavior on our websites or App.

- Carry out any other purpose described to you at the time the personal information is collected based on the context of our interaction with you; and
- Carry out any other use as permitted by your consent.

Disclosure of Personal Information

We disclose personal information about you as follows:

- With vendors, agents, consultants, contractors and other third parties requiring access to personal information to carry out work on our behalf and improve the products and services they provide to us, such as providers of web hosting, shipping and delivery, payment processing, fraud prevention, analytics, marketing, advertising and customer service;

Sweepstakes, Contests and Promotions

We may offer sweepstakes, contests and other promotions, including promotions jointly sponsored or offered by third parties. If you voluntarily choose to enter a sweepstake, contest or other promotion, we collect your information and may disclose it to co-sponsors and other business partners, such as for posting a winners list. By participating in a promotion, you agree to the official rules or terms and conditions that govern that promotion ("Promotion Terms"). Promotion Terms may include personal information handling practices that are different from what is described in this Privacy Policy. If the practices described in Promotion Terms differ from the practices in this Privacy Policy, the Promotion Terms govern but solely to the extent of the differences between the Privacy Policy and Promotion Terms. Please review the relevant Promotion Terms carefully before you participate in any promotion. You can find our Notice of Financial Incentives [here](#).

Cookies, Advertising and Analytics

We engage third parties to serve advertisements on our behalf across the Internet and to provide analytics services. These third parties may use cookies, web beacons and other technologies to collect personal information about your use of our websites, such as your IP address, web browser, pages viewed, time spent on pages, links clicked, conversion information, and use of our App. This personal information may be used by us and others to analyze and track data, determine the popularity of certain content, deliver advertising and content targeted to your interests on our websites and other websites and better understand your online activity and similar data analytics among other things. For residents of states without Consumer privacy rights, we will offer you a limited right to delete, but will apply our discretion with respect to if and how we process such requests.

You or an authorized agent may make these requests by calling 1-866-467-8688 and entering service code 358#, emailing privacy@jcrew.com, or visiting <https://jcrew.clarip.com/dsr/create> for our J.Crew brands, <https://jcrew.clarip.com/dsr/create?brand=Madewell> for our Madewell brand, and responding to any follow-up inquiries we make. Once we receive your request, we will verify it by asking you to provide certain information, such as identifiers like your email address and phone number.

Right to Limit Sensitive Personal Information Processing

We only process Sensitive Personal Information for purposes that are exempt from Consumer choice under the State Privacy Laws.

Right to Know/Access

Residents of California, Virginia, and Colorado are entitled to access Personal Information up to twice in a 12-month period. Residents of Connecticut and Utah (beginning December 31, 2023) are entitled once every 12-month period to access Personal Information maintained by J.Crew, with subsequent requests subject to a service fee. We apply the same limitation on the number of Verifiable Consumer Requests in Connecticut and Utah to all states other than California, Virginia, and Colorado.

- (1) Categories (available for California Residents Only). California Residents have a right to submit a request for any of the following for the period that is 12-months prior to the request date:
 - The categories of Personal Information we have Collected about you.
 - The categories of sources from which we Collected your Personal Information.
 - The Business Purposes or Commercial Purposes for our Collecting, Selling, or Sharing your Personal Information.

(2) Specific Pieces

You may request to confirm if we are processing your Personal Information and, if we are, to obtain a transportable copy, subject to applicable request limits, of your Personal Information that we have Collected and are maintaining. For your specific pieces of Personal Information, as required by applicable State Privacy Laws, the request must be a Verifiable Consumer Request as described below. We have no obligation to re-identify information or to keep Personal Information longer than we need it or are required to by applicable law to comply with access requests.

Do Not Sell / Share / Target

Under the various State Privacy Laws there are broad and differing concepts of “Selling” Personal Information for which an opt-out is required. California also has an opt-out from “Sharing” for Cross-context Behavioral Advertising (use of Personal Information from different businesses or services to target advertisements). Other states have an opt-out of “Targeted Advertising.” We may Sell or Share your Personal Information and/or use your Personal Information for Targeted Advertising, as these terms are defined and apply under State Privacy Laws. However, we provide Consumers an opt-out of Sale/Sharing/Targeting that is intended to combine all these state opt-outs into a single opt-out. We do not believe we currently sell information as it is defined under Nevada law, but we offer Nevada consumers the opportunity to opt-out of targeted advertising, as described above.

Third-party digital businesses (“Third-party Digital Businesses”) may associate cookies and other tracking technologies that Collect Personal Information about you on our Services, or otherwise Collect and process Personal Information that we make available about you, including digital activity information. We understand that giving access to Personal Information on our Services, or otherwise, to Third-party Digital Businesses could be deemed a Sale and/or Share under some State Privacy Laws and we will treat such Personal Information (e.g., cookie ID, IP address, and other online IDs and internet or other electronic activity information) collected by Third-party Digital Businesses, where not limited to acting as our Service Provider (or Contractor or Processor), as a Sale and/or Share and subject to a Do Not Sell/Share/Target opt-out request. We will not Sell your Personal Information, Share your Personal Information for Cross-context Behavioral Advertising, or process your Personal Information for Targeted Advertising if you make a Do Not Sell/Share/Target opt-out request.

Opt-out for Personal Information: If you want to limit our processing of your Personal Information for Targeted Advertising, or opt-out of the Sale/Sharing, you need to exercise your opt-out request on our consent management tool by visiting <https://jcrew.clarip.com/dsr/create> for our J.Crew brands and/or <https://jcrew.clarip.com/dsr/create?brand=Madewell> for our Madewell brand. Our consent management tool enables you to exercise such an opt-out request on your device. You must exercise your preferences on each of our websites and Apps you visit, from each browser you use, and on each device that you use. Since your browser opt-out is designated by a cookie, if you clear or block cookies, your preferences will no longer be effective, and you will need to enable them again via our cookie management tool. Please also refer to our [cookie policy](#) for other ways to exercise preferences regarding Third-party Digital Businesses. If you use ad-

blocking software, our cookie banner may not appear when you visit our website, and you may have to use the link above to access the tool.

Opt-out preference signals / or GPC): Some of the State Privacy Laws require businesses to process global privacy control ("GPC") signals or, in California, opt-out preference signals ("OOPS"), which are signals sent by a platform, technology or mechanism, enabled by individuals on their devices or browsers, that communicate the individual's choice to opt-out of the Sale and Sharing of Personal Information. To use an OOPS/GPC, you can download an internet browser or a plugin to use on your current internet browser and follow the settings to enable the OOPS/GPC (for example, <https://globalprivacycontrol.org/>). We have configured the settings of our consent management platform to receive and process GPC signals on our website.

We may disclose your Personal Information for the following purposes, which are not a Sale or Share: (i) if you direct us to disclose Personal Information; (ii) to comply with a Consumer rights request you submit to us; (iii) disclosures amongst the entities that constitute J.Crew as defined above, or as part of a Corporate Transaction; and (iv) as otherwise required or permitted by applicable law.

Right to Delete

If we have a basis for retention under applicable law, you may request that we delete your Personal Information. Our retention rights include, without limitation:

- to complete transactions and services you have requested;
- for security purposes;
- for legitimate internal Business Purposes (e.g., maintaining business records);
- to comply with the law and to cooperate with law enforcement; and
- to exercise or defend legal claims.

Please also be aware that making a deletion request does not ensure complete or comprehensive removal or deletion of Personal Information or content you may have posted.

Correct Your Personal Information

Consumers may bring inaccuracies they find in their Personal Information that we maintain to our attention and we will act on a request as required by applicable law. You can also make changes to your online account(s) as explained in your online J.Crew and/or Madewell account. That will not, however, change your information that exists in other places.

How to Exercise Your Consumer Rights

You may make these requests, or to submit a request as an authorized agent, by calling 1-866-467-8688 and entering service code 358#, emailing privacy@jcrew.com, or by visiting <https://jcrew.clarip.com/dsr/create> for our J.Crew brands and/or <https://jcrew.clarip.com/dsr/create?brand=Madewell> for our Madewell brand,, and responding to any follow-up inquiries we make.

(1) Your Request Must be a Verifiable Consumer Request

As permitted or required by applicable State Privacy Laws, any request you submit to us must be a Verifiable Consumer Request, meaning when you make a request, we may ask you to provide verifying information,

such as your name, email, phone number and/or account information. We do not verify opt-outs of Sell/Share/Target or Limitation of Sensitive Personal Information requests unless we suspect fraud. To protect Consumers, if we are unable to verify you sufficiently we will be unable to honor your request.

(2) Agent Requests

You may use an authorized agent to make a request for you, subject to our verification of the agent, the agent's authority to submit requests on your behalf, and of you. An agent may submit a request by visiting <https://jcrew.clarip.com/dsr/create> for our J.Crew brands and/or <https://jcrew.clarip.com/dsr/create?brand=Madewell> for our Madewell brand, or by calling 1-866-467-8688 and entering service code 358#. Once your agent's authority is confirmed, they may exercise rights on your behalf subject to the agency requirements of applicable State Privacy Laws.

(3) Appeals

Residents of California, Colorado, Connecticut, and Virginia may appeal J.Crew's decision regarding a request by submitting a new Consumer Rights Request and identifying your previous request number.

Our Responses

Some Personal Information that we maintain is insufficiently specific for us to be able to associate it with a verified Consumer (e.g., clickstream data tied only to a pseudonymous browser ID). We do not include that Personal Information in response to those requests. If we deny a request, in whole or in part, we will explain the reasons in our response.

We will make commercially reasonable efforts to identify Personal Information that we process to respond to your request(s). We will typically not charge a fee to fully respond to your requests; provided, however, that we may charge a reasonable fee, or refuse to act upon a request, if your request is excessive, repetitive, unfounded, or overly burdensome. If we determine that the request warrants a fee, or that we may refuse it, we will give you notice explaining why we made that decision.

Consistent with applicable State Privacy Laws and our interest in the security of your Personal Information, we will not deliver to you your more Sensitive Personal Information in response to a Consumer privacy rights request; however, you may be able to access some of this information yourself through your account if you have an active account with us.

Non-discrimination / Non-retaliation

We will not discriminate or retaliate against you in a manner prohibited by applicable State Privacy Laws for your exercise of your privacy rights. We may charge a different price or rate or offer a different level or quality of goods or service, if and when doing so is reasonably related to the value of the Personal Information.

Notice of Financial Incentives

We offer various financial incentives, such as discounts, coupons, and other benefits for customers who sign up to receive our marketing emails or join our loyalty program. When you participate in a financial

incentive, we collect Personal Information from you, such as identifiers (like your name and email address) and commercial information (like your purchase history). You can opt in to a financial incentive by following the sign-up or participation instructions provided, and you have the ability to opt-out of the financial incentive, or our subsequent use of your Personal Information in connection with a financial incentive, at any time by contacting us at help@jcrew.com. In some cases, we may provide additional terms and conditions for a financial incentive, which we will present to you when you sign up. We value your Personal Information as the value of the offer or discount provided to you, and the value of your Personal Information is reasonably related to the value of the offer or discount presented to you.

Our Rights and the Rights of Others

Notwithstanding anything to the contrary, we may process your Personal Information as required or permitted by applicable law and this processing may override your rights under State Privacy Laws. We are not required to honor your privacy requests if doing so infringes on our or another party's rights or conflicts with applicable law.
